

Band**Sarah Burvill**

This club is for everyone who would like to sing or play an instrument together in a band. We will use guitars, drums, keyboards and microphones to perform covers of current, popular songs.

Japanese Club**Motoko Uda**

This club will focus on basic Japanese language skills, as well as cultural activities such as sushi making. Students will practise both spoken language and some reading and writing.

Science Club Mentors MYP1**Rikke Schmidt Kjaergaard**

AAGE is collaborating with Aarhus Institute of Advanced Studies and Interdisciplinary Nanoscience Center (iNANO) for this exciting project to encourage our budding young scientists in PYP. The MYP1 students will act as mentors and role models for the younger students.

Photography Club

Craig Jones

The MYP ASA Photographic club is a club in which students will learn basic through to advanced practical camera techniques and how to process and print their images from a digital format.

The aim of the club is for students to present a photographic portfolio, which will be exhibited and then judged by a group of professional photographers in terms of aesthetic principles as well as creativity and impact.

MYP Sports Team

Holly Chabowski

The students who select this option will vote and choose whichever sport is the most popular to form our first AAGE team. We are making links with other international schools in Jutland and also local schools in Aarhus and hope to play matches and collaborate on joint sports projects.

Math Club

Jake Otto

The Math Club will meet on Wednesday afternoons to explore the world of math. The students will work on skills such as mathematical thinking and problem solving as well as time to complete work from the classroom. The math club will fulfill both the practical side of math work as well as inspire a different look at mathematics.

Danish A Study Hall**Tobias Jakobsen**

This year the students have the option of attending the Danish A study hall. During this ASA session, the students can get help, from a Danish teacher, with their Danish homework, whether it is reading, writing, inquiry or any other task they may have.

Choir**Kathryn Templeman**

This term the older students will again have the opportunity to sing together in a choir. We will be working towards the Family Christmas concert together with Aarhus Symphony Orchestra at the Music House. Some repertoire will be in English and some in Danish and we will have vocal coaching from an outside specialist.

Theatre Workshop**Kate Ferguson**

The Drama club explores different ideas of Theatre and acting. The club is for students who want to explore acting styles and techniques. Students will discuss and create different kinds of theatre. The students are encouraged to generate their own written plays and perform their works in different theatrical settings.

German Club

Evelyn McAlister

In our brand new German club with our librarian Ms Evelyn, (who is half German and has lots of German teaching experience), students will explore the German language and culture through fun games and activities, using traditional and digital resources.

Private Music Lessons

Individual or group lessons are available in drums, guitar, piano/keyboard, flute, violin and cello.

Payment Structure

There is a new MYP ASA fee this year, which will be 500DKK per month. Students who sign up for activities every day will pay the full 500DKK fee but students who only wish to participate in one or two activities will be charged per activity. So one activity a week would cost 100DKK a month, two activities would be 200DKK and so on up to 5 activities. I hope this is clear but do contact me if you have any questions about the fee structure. Private music lesson fees will continue to be paid directly to the individual teacher.
